Professor LIANG Ruixiong

President of GUST

As the flagship of higher education in our region, Guangdong University of Science and Technology has a storied history of fostering excellence in teaching, research, and community service. We pride ourselves on our advancements in various fields such as science, technology, engineering and business, and are committed to maintaining our position as a leader in these disciplines.

We are dedicated to cultivating an environment that is conducive to rigorous scholarship, collaborative research, and critical thinking. Our faculty and staff are committed to guiding our students in their intellectual pursuits, equipping them with the necessary skills and values to navigate the complexities of the modern world.

I would like to express my sincere gratitude to all our partners and collaborators who have supported us in our endeavours. Together, we strive to contribute to the advancement of knowledge and the betterment of society.

What Our Students Say

After completing the Chinese language program, Maksim from Russia continued his academic journey at **GUST**, enrolling in the International Trade program.

“This has been a great adventure! People are warm, classes are interesting, and I’ve grown so much. It’s truly worth it!”-----**(Maksim, Russia)**

In addition to Maksim from Russia, our Chinese language program has also supported students in progressing to top universities in China. **Petrova Nadezhda Sergeevna** has successfully been admitted to **Tongji University in Shanghai** after completing the program.

"When I first arrived, I only knew how to say 'nǐ hǎo.' Now I can write short articles and even order dim sum like a local. My Chinese has improved so much, and I am very grateful to the teachers and the university for their support."
------ （Nikita, Russia)

"The program is amazing, and the teachers are very supportive. Learning here has been both fun and rewarding.”------ （Timofei, Russia)
